FCC, Chairman Kevin J Martin,

As someone who is concerned about increased taxes and telephone fees, I oppose Federal Communications Commission (FCC) Chairman Kevin J. Martin's plans to change the way monies are collected for the Universal Service Fund.

Chairman Martin is proposing a change in the Universal Service Fund (USF) collection methodology from a "pay-for-what-you-use" system to a "monthly flat-fee." The flat-fee system would result in forced phone bill hikes for me -- and for millions of low-volume, long-distance users in the U.S. Shifting the funding burden of the USF away from high volume users -- like big businesses -- and placing the weight on low-volume users -- students, prepaid wireless users, senior citizens and low-income residential and rural consumers-- is unfair. I urge Chairman Martin to rethink his flat-fee plan. It is a de-facto tax increase of as much as \$707 million for 43 million of low-volume, long-distance users in the U.S.

Please pass along my concerns to the FCC on my behalf, letting them know that your constituents have contacted you to oppose a USF numbers or flat-fee plan. Thank you for your continued work. I look forward to hearing about your position on this matter.

Sincerely yours,

Pamela J. Coveleski,
